# MY RESUME CURRICULUM VITAE

# **Application Letter**

Dear,

Mr/Mrs Human Resources Department in place

Through this cover letter, I am interested in joining and career in this company. My interest because I wanted a new challenge to work.

My experience working more than 8 years in various position and various industry. In Palm Oil Industry with more than 6 years, Asian Agri, started position in Estate Assistant Trainee, By Product Assistant, Quality Control Assistant, Coordinator Quality Control Department, Coordinator Continuous Improvement Department, Senior Assistant Manager Division, & Senior Assistant Manager Replanting. Next, I work as professional in various fields, including Consultant Agriculture/Plantation, Teacher of Courses, Data Entry, & School Administration for 1 more year. Currently, I worked in Financial Services Companies, Dana Tirta Perkasa, as Operations Manager since August 2016.

I will contribute the best myself to the company if I get this job because I have done in this world is the responsibility of working for the company in tune with my responsibilities to my Family and God.

Thank you,

Bony Afrianto Pandapotan Hutasoit., S.P.

# My Added Value for Company

### **As Operations Manager:**

- \*. Delayed Loans 126% of Delayed Loans in 2014.
- \*. Until July 2016, Operating Profit 14% of Operating Profit in 2014.
- \*. Until July 2016, Operating Costs 60% of Operating Costs in 2014.
- \*. Until July 2016, Consumer Growth 5% of Consumer Growth in 2014.

### As Senior Assistant Manager Replanting:

- \*. Planning planted 1,500 ha.
- \*. Output: 0.9 ha/day.
- \*. Target completion April 2016.

### As Senior Assistant Manager Division:

- \*. Manpower: 236 Employees, 18 Supervisors.
- \*. From 1,024 ha, 223 ha heavy & 464 ha moderate.
- \*. Last year Production: 4.7 MT CPO/ha.
- \*. Last year Real Costs: Rp. 572/kg.

### **As Coordinator Continuous Improvement Dept:**

- \*. The 1st Year: 14 Estates, 10 Mills, 3 Workshops (50,000 ha).
- \*. Manpower : 15 CI Assistants.
- \*. Target Reduce Costs: Rp. 20/kg.

### As Coordinator Quality Control Dept:

- \*. Manage: 31 Estates (3 Regional).
- \*. Manpower: 12 QC Assistants, 30 Supervisors.
- \*. Oil Extraction Rate (OER): 21.40%.
- \*. A Focus Assessment harvest work.
- \*. As KPI Indicator for Field Assistant.
- \*. Reports not on schedule & frequent repairs.

### **As By Product Assistant:**

- \*. Manpower: 200 Employees, 10 Supervisors.
- \*. Planning Areas: 3,500 ha.
- \*. Budget Costs : Rp. 5,281,000/Ha.
- \*. Last year realization costs: Rp. 5,320,000/ha.
- \*. Output: 5,600 Kg/Employee.

# **Before**

### **As Operations Manager:**

- \*. Make changes to Management Structure, Strategic Plan, and Flow Process.
- \*. Until December 2016, Delayed Loans 25% of Total Loans.

# My career description

### >. Asian Agri

Industry: Plantation Started: April, 1st 2009
Areas: North Sumatera, Riau, Jambi Finish: June, 2nd 2015

Position:

- 1. Pre EAT/Trainee (April 2009 June 2009).
- 2. Graduate EAT/Trainee (July 2009 November 2009).
- 3. Operations Department, PT. Inti Indosawit Subur Pelalawan, Riau.

### By Product Assistant (December 2009 – January 2010).

I Manage and be responsible evacuation of Palm Oil Mill Effluent that applied to the field as a substitute for Inorganic Fertilizer and as Organic materials. Mills waste applied in the field is Empty Fruit Bunch, Solid, and Flat Bed/Liquid Waste Pond. Applied to the total realization of 3,500 Ha (corresponding processing capacity of the plant) of the total areas of 5,500 Ha. Total Manpower I manage is 200 Employees and 10 Supervisors. The impact, Realization of Fertilizer Costs be reduced form Rp. 5,320,000/ha to Rp. 5,180,000/ha. Resulting in cost efficiency is Rp. 140,000/ha.

4. Quality Control Department, PT. Mitra Unggul Pusaka – Pelalawan, Riau.

### Quality Control Assistant (February 2010 - March 2010).

I did a performance assessment based on work processes and the losses were found to be appropriate indicators index in SOP and KPI. I did vote in the scope of the Estate Group with an areas of 10,000 ha (3 Estate in 1 Group). Assessment is carried out every day for all work, especially harvesting and are reported daily to the Quality Control Coordinator as the presentation of data to be compiled for all operations.

5. Quality Control Department, Regional Office – Pekanbaru, Riau.

### Coordinator Quality Control Dept (April 2010 – April 2013).

I do a periodic performance assessment conducted Quality Control (QC) Assistant in the valuation report operational performance in the field where a total of 12 QC Assistant in 3 Regional (North Sumatera, Riau, Jambi). Besides, I did a special assessment field performance in both the Estate Group and the Estate were found to have high sampling error deviation of the results of the examination QC Assistant, the field is not the maximum daily performance, and follow up the results of the visit to the field of Management. Create report daily, weekly, monthly, and yearly, to all levels of manager and above, as well as analysis reports that reported directly to QC Manager, Regional Head, and Head Plantation.

6. Continuous Improvement Department, Head Office – Medan, North Sumatera.

### Coordinator Continuous Improvement Dept (May 2013 – February 2014).

I saw immediately the work process, find the useless (time, process, and losses), discussed and presented to all involved, and execute processes LEAN/KAIZEN according exposed. This process is repeated until there is found that sustained useless. The first project implemented (already complete) in 5 Estate Group for all jobs in the next year to be a role model for other Estates. Actually, the results were particularly significant reduction in the cost of 6 details the costs is Labor Cost, Material & Chemical Cost, Supervision Cost, Transportation Cost, Contract Cost, and General Cost (Generator, Housing, Water Treatment, Electricity Treatment, Indirect Cost, Etc). Hence increased productivity, mandatory, and must be cost efficient in detail. The Administration, my report directly to CI Manager, Head CI, and Managing Director, are followed up with CI visit results in the field and the actual impact on the cost.

# My career description

7. Operations Department, PT. Dasa Anugerah Sejati – West Tanjung Jabung, Jambi. Senior Assistant Manager Division (March 2014 – March 2015).

The focus of the work is to provide a working example, the target is reached with the value-added work, strengthen supervision and monitoring in the regulatory, and administrative complete, and updated reports as compass work. Actually, realization production 5.2 Ton CPO/ha (last year, 4.7 Ton CPO/ha) and realization operations cost Rp. 526/Kg (last year, Rp. 572/Kg). In addition, the realization of the condition on ground a significant to 1,024 ha light condition. It happens, because consistent rotation both physical and chemical treatment in accordance conditions in the field.

8. Operations Department, PT. Rantau Sinar Karsa – Central Labuhan Batu, North Sumatera Senior Assistant Manager Replanting (April 2015 – June 2015).

I manage 1,500 Ha performed rejuvenation planting back. From 1 April to 2 June, I have realized the work collapsed and chipping up before planting 340 Ha with an Output of 1.8 ha/day (9 December through March Output is only 0.9 Ha/day). Workforce have 25 employees and 10 supervisors (not coupled form the contractor). All the work administered and reported directly to the Head Plantation Services and Managing Director.

### >. Professional

Indsutry: Professional Started: June, 2nd 2015

Areas : Jakarta Finish : Now

Position:

- 1. Consultant Agriculture/Plantation.
- 2. Teacher of courses in BTA 8.
- 3. Data Entry in Commodity Exchange Company.
- 4. School Administration.

### >. Dana Tirta Perkasa.

Industry: Finance Started: August, 1st 2016

Areas: Jakarta, Bogor, Tangerang City, South Tangerang: Finish: Now

Position:

### 1. Operations Manager.

Oversees four main operating divisions and one division that is supporting, Sales & Marketing, Surveyor/Credits, Collection, and Analyst/Aftermarket. Supporting divisions namely office as a supporting especially Finance, Administration, Legal, HR, & GA. All matters relating to the operations including strategic planning, budgeting, market analysis, monitoring and evaluation, and others primarily related to the development of the company both business segments, as well as the expansion of the coverage area. With my work principle is Profit = Maximum Results + Productivity Cost + Effective sustainability, since I entered in August 2016, there is a change. Before I entered the company's position until July 2016 is Operating Profits 110% from realization 2014, and Operating Costs 60% from realization 2014. Once I got in, the company's position until December 2016 is Operating Profits 424% (Aug-Dec 2016, 314%) from realization 2014, and operating Costs 87% (Aug-Dec 2016, 27%) from realization 2014.
